**MISSION**

**AWARE PEOPLE TO DRINK WATER OF 125-150 TDS**

**Dr. Alkaline water solutions LLP** is a Globally growing brand and we are committed to harnessing the physical and chemical characteristics of water to provide a Soulful and Healthy living Experience to our Customer. Dr. Alkaline Ionized Water Support the Body in maintaining pH level, hydrate the Cells, Tissues, Organs and control free Radicals which promote optimal Health. We are dedicated to provide High Quality Water Products to meet needs of Homes, Offices & Business.

**ABOUT RO WATER** we drink, RO controls TDS (Total dissolve salts) of water. Due to non awareness people do not know Which water we have to drink, we are drinking water having TDS of 20-30. Which is dead water & don't have any salt & Minerals. It has a PH value of 5.5 PH & is acidic in nature.

### **Alkaline water ionizer**

Alkaline water ionizer controls PH value. Our body parts have different PH value & on an average it is 7.35 PH. So if we drink & eat below 7.35 PH, it is acidic & not good for our HEALTH & if we drink & eat Above 7.35 PH It is Alkaline & good for our HEALTH.

In DR Alkaline water ionizer we are using titanium with platinum coating solid plates in a chamber. We do electro dialysis by passing electricity in the water in chamber & separates +ve ions & -ve ions, so we make two waters from one water. One is alkaline water & other is acidic water.
